

Benwick Primary Governors' Newsletter Summer 2020

Dear Parents & Carers,

Firstly, we would like to take this opportunity to welcome the children back that have joined us again since the 1st June. We know there have been children in the school since the beginning of lock down, however we also know that the staff feel the school is now more alive since having more children back. All of the senior leadership team and staff at the school have been working tirelessly over the past months; not only caring for those children who were in the school but also setting work and offering guidance and support to those continuing their education from home. At the same time the governing body have been working closely with the senior leadership team who have been putting plans in place to ensure that the school was ready and safe for the arrival of further children. We receive regular updates from Mrs Talbot and are aware that all children have settled back in to school life and are enjoying being back.

We would also like to acknowledge the amazing job parents and carers are doing at home to support their children with their home learning at this difficult time. Many of the governors are parents and know only too well it isn't always an easy job!

We governors have continued in our role and have been working away in the background since March, we have been conducting virtual meetings as well as virtual visits and are, as always, continuing working with the school in the background to provide the best support we can.

We would personally like to thank all of the senior leadership team and every other staff member at the school for the continued amazing job they do in providing the best education they can for the children of the school, even at these unprecedented times.

As always if you would like to contact a member of the governing body please use the email address on the right.

Governing Board :

Darren Gore
(Chair - Parent Governor)
